Business  
Networking**

Thanks to Carol BAUSOR 's sage advice and her non-stop commitment to help me, I not only obtained my very first TEDx gig, bu I was able to write a well-structured and logical speech. All this totally correponded to what I wanted in order to communicate clearly my message about the importance of networking.

Carol found me some real golden nuggest that helped me pitch my voice effecively, and use non-verbal communicaiton effecitvely.

I can really recommend Carol as a Public Speaking Trainer and TEDx expert ... whatever your subject and your level of experience!

Carol helped me craft my very first TED x speech in English. She helped make my language both understandable and powerful, and gave me practical advice : my talk was a huge success!
